### Ladies Sent By an Emergency Corps.

One a Practicing Physician-Other a Trained Nurse-Anxious to Reach the Front.

Dr. Frances Woods and Miss Killiam are two very interesting Red Cross workers on the Arizona, bound for Manila. They are sent out by the Emergency Corps of Portland, Ore., which now operates under the National Red Cross Society. Their commissions require that they fulfill Red Cross duties wherever necessary, giving special attention, however, to the First Oregon Volunteers. For this purpose the ladies were amply supplied with funds for their expenses.

Dr. Woods graduated four years ago from the Woman's Medical College of Pennsylvania, at Philadelphia. She then took a course in hospital training at the Memorial Hospital, Worcester Mass., and was later connected with the New England Hospital at Boston She is a physician and skilled surgeon, making her a most efficient and valu-

able adjunct to the corps.

Miss Killiam is a trained nurse, Sho graduated from Hahnemann Hospital Training School and was at the time of volunteering for service in Manila, superintendent of the Portland Hospital, the one homeopathic hospital In her particular line she is undoubtedly one of the most compe-

tent ladies in the West.
Dr. Woods' trip to the Philippines
was a surprise to her friends. She gave up a splendid practice and brilliant prospects for the work. In explana-tion the little lady said: "I feel just as patriotic and earnest as a man. But you know, they have a way of turning aside lady physicians and giving men the first chances to go to the front. I wanted to go to the war from the first This was my first chance and I gladly accepted it."

#### Longshoremen's Future.

The organization of a local Longshoreman's Union is being talked of along the front. The wages prevailing at present here for loading and dis-charging vessels is \$2 per day, with extra pay for night work or labor in the hold. Wages on the coast for the same work have been steadily maintained by the Unions there at 55 cents per hour. It is not thought that wages will go to that figure here but \$3 per day and a proportionate increase for overtime will likely be asked for.

The Seamen's Union will also take a hand in adjusting the labor scale at island ports under the new regime Crews on the coasters will refuse to work cargo, which will also have a tendency to raise the pay of the longshoremen.

#### When L Meets L.

There will be a base ball game inside the race track at Kapiolani park tomorrow afternoon. The nines will be from L Company of the Engineers, organized in San Francisco, and L Company of the First New York Reg-Other games will be played and then all Honolulu will be chal-

The soldier lads are keen for a field day meet. They have all sorts of athletes and would like to meet the Island performers. There are a numdevelo riders with the soldiers four in L Company of the Engineers alone. Besides there are three or four tourists here who are racing wheel-

#### Have a Pretty Home.

The new cottage for the five professional nurses at the Queen's hospital is now completed and occupied and makes a cosy home for the intelligent capable and hard working ladies of the corps. A number of other improvements have lately been made about the place under the direction of Steward Eckhardt. The Queen's hospital receives praise from professional and lay visitors as well and the patients from time to time speak highest terms of treatment and attend-

#### Vacation Delayed.

The band, which lately has been everlastingly at it, to the delight of all hearers, is to have a vacation, but the time is not yet fixed. Capt. Berger and his men should have had their fortnight off last month. But with troopships coming, the Commission here and the regatta directly ahead, relief from work and play is delayed. The organization is having its red-letter year and after its many long and trying engagements is entitled to a rest.

#### Two Sick Soldiers.

Sergt. Hatcher, of the Thirteenth Minnesota regiment, who has been so ill at the Queen's hospital, is now able to walk around. He will likely return to the States.

Corp. Prather, of the Fourteenth infantry, is still a very sick man, but is getting along as well as could be ex-Weakness is his worst enemy

#### Asylum Inmates.

Private Phillips, New York Regiment, has been sent to the Insane Asylum for treatment. He will re-cover. Private Builock, who jumped overboard on the voyage down, is much better and will soon return to his com-

It was decided positively to have a program on Regatta Day, September 17. There will be barge, yacht, ship's boats, canoe and numerous other races. The Regatta Committee, consisting of C. S. Crane, G. H. Gere and S. E. P. Taylor, will arrange the program. The town will be asked for \$1,000 for the success of the day. One business house has volunteered its subscription of last year and it is believed that about all the others will respond promptly. Boating men appreciate the fact that merchants have subscribed liberally to other matters; but this is purely a local affair, in the interest of a sport that must be maintained, and it is hoped that the full amount will be readily subscribed.
